PLANNING & EXECUTION

In the weeks leading up to your party, one of our experienced Party Planners will contact you via email to confirm your party date and time, outline your party details, and request additional information (if needed). After gathering your party details, your Party Planner will get busy planning and coordinating details such as: food, décor, party agenda, etc), as well as communicate your party's details to your Party Assistant (to ensure they know what is going on for party day). The Party Assistant will assist with party day set up, ensure things stay on track with your party agenda, assist in cake-cutting and dessert distribution to guests (if the host desires), as well as direct clean up and pack up

PARTY DETAILS

TIME

Each party includes access to the facility for two full hours. Hosts are also given an extra 30 minutes before the start of their party for set up and preparation. Depending on availability, you can request additional time at the rate of \$50 per 30 minutes. Please keep in mind that the party must end on time to avoid an additional \$50 fee. However, to keep the party on track, staff begin cleaning and packing up leftover food thirty (30) minutes before the end of a party (this is normally during the birthday song and cake cutting). Fifteen (15) minutes before the party ends, children must exit the play area so staff can clean (this is normally when goodie bags are distributed to the children and families are packing up to leave). Below is a sample party agenda. To request changes to the party agenda, please notify your party planner before your party or during your 30-minute preparation time.
